Cancer of Many Colors (CMC) is a small 501©3 foundation that believes in supporting the community by helping cancer patients in need who are affected by this horrific disease. We are hosting The Tournament of Many Colors in the Piedmont area to bring awareness to patients struggling with basic living expenses while undergoing cancer treatment. Funds raised from the tournament will help support local cancer patients of all ages, ethnicities, genders, and socioeconomic backgrounds and any cancer diagnosis, including breast, brain, rectal, lung, ovarian, Hodgkin's, colon, and esophageal.

These patients often have financial challenges as they struggle to pay for basic needs like rent, utilities, transportation, and food. They are often forced to choose between receiving treatment so they can mentally focus on getting well or continuing to work to support their family. By supporting the golf tournament, you can help alleviate some of these financial burdens and positively impact the daily lives of local cancer patients.

CMC supports cancer patients from Levine Cancer Institute, MUSC, SCOA, Mcleod, LMCO, and SCOA.
